

DO REMEMBER

THIS IS THE SEASON OF GOODWILL

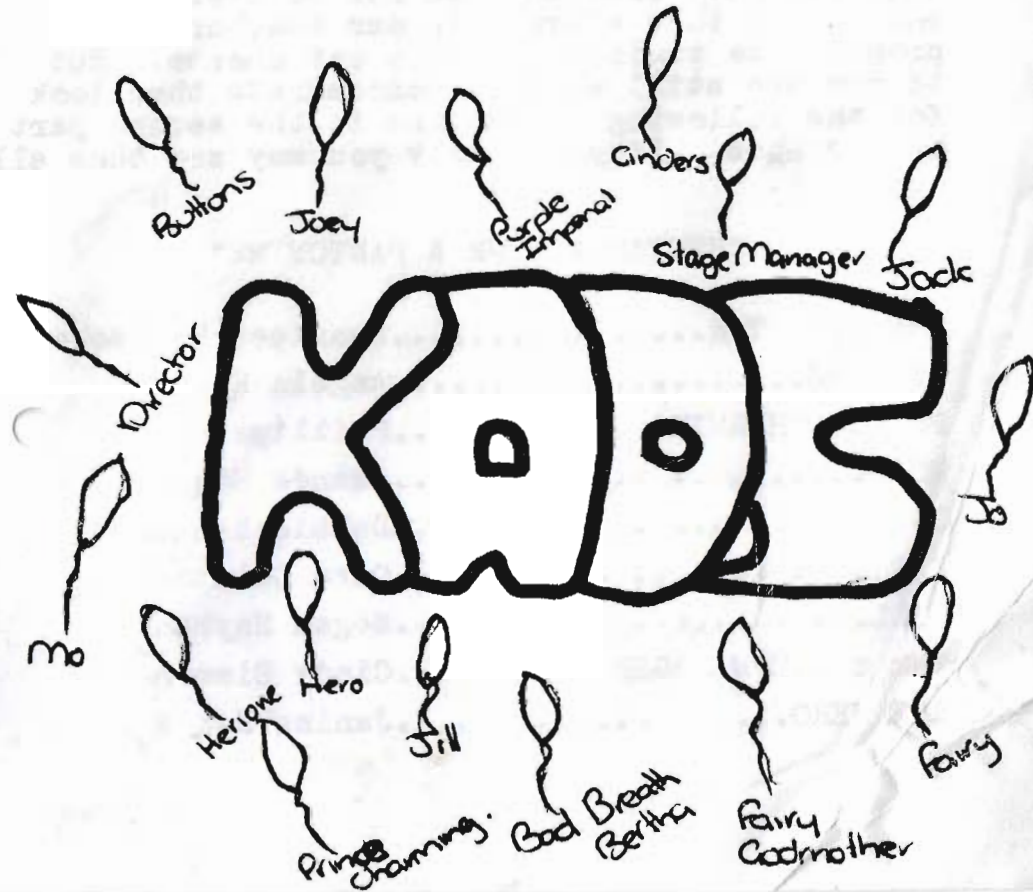

MERRY CHRISTMAS ONE AND ALL

Inglewood Dramatic Society

Junior Drama

Presents

Welcome to Junior Drama and the show that is'nt a show.

While we hope to entertain you and will certainly try our hardest to amuse you. We, the cast, are here to learn. Its just like school, "YUK" and that is why the first part of our show which is the show, not the show that is'nt a show, or, if you like, the show before the show that is'nt a show, our show will show you how we should have learn't what we needed to learn to make this the show that is a show. After this there will be an interval that will need to be long enough for us to learn how to get dressed and put on make-up, so that we can return and perform the second and longer show, which is the show that is'nt a show.

Confused ?

Then you have some idea of how we feel. We understand that after this our teacher will progress to training mice to eat cheese. But if you are still able to concentrate then look for the following charactors in the second part of our show. If your lucky you may see them all.
