\*\*\*

We welcome Gloria Webby, Bruce Thomas and Vivienne Baty to Cue's stage for the first time.

Viv directed 'Present From the Past' for us in 2003 and will be directing again at Cue next year.

It's a return visit to our stage for actors David Rohe, last seen here in 'Sylvia,' Morris West, 'The Woman in Black' and Jim Green 'The Rise and Fall of Little Voice.'

Director Christine King has been a member of Cue since 1969 and has an impressive list of acting and directing successes to her credit.

Thank you.:

## The Story

MISS LONELY HEART ...

Attractive 40 something woman seeks true love with Mr Wonderful.

Are You Out There?

\*\*\*\*\*

Middle-aged Norma Green, factory worker and care-giver to her bedridden mother, has resorted to using a Dating Agency in her quest for her dream man. Suddenly, she finds herself with three very different suitors.

Eric Box, owns a hardware shop and is a DIY'er with an encyclopaedic knowledge of screws.

Canadian import and retired English and PT teacher, Geoff Lazenby is smooth, erudite and perhaps too perfect.

Lop Wink, a cycling fanatic of Dutch extraction, and a man who has nothing to say and keeps on saying it. Which one is Mr Wonderful?
